Expects me to buy the drugs at a party	Texts and phones me all the time	Asks me what I would like to do
Ignores me when we're out in a group of friends	Lets me talk to my friends when we're out in a group	Looks after me when I've had too much to drink
Tells me s/he loves me in private but never in public	Talks over me all the time	Always seems to have their own stash of alcohol or cannabis
