Anti- Bullying Policy Mission Statement

St John Fisher Catholic School is committed to providing a caring, friendly, and safe environment for all members of the school community, in line with the school's ethos and mission statement, and its commitment to the Catholic faith.

We recognise that many students will experience conflict in their relationships with other children or young people. As a school we are committed to developing empathy and the skills to manage relationships in a peaceful way that does not harm others.

At St John Fisher Catholic School our definition of bullying is:

"The repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. It can happen face to face or online"

It can include incidents of a racial, sexist, homophobic nature or against those with disabilities, and can take many different forms.

Bullying is unacceptable. Our school will respond promptly and effectively to reported incidents of bullying. In our school community:

- Everybody has the right to be treated with respect.
- Everybody has the right to feel happy and safe.
- No-one deserves to be a target of bullying.
- Pupils who bully need to learn different ways of behaving.

Aims

- To ensure that all staff, students, and parents/ carers and governors understand what bullying is.
- To ensure that all staff, students, and parents/ carers and governors are aware of the procedures for dealing with incidents of bullying.
- To ensure that all members of the community feel confident that they will be supported when reporting incidences of bullying. To ensure that support is offered to all involved in incidences of bullying.

Types of bullying behaviour:

Bullying can take many forms:

- Emotional - being unfriendly, excluding, tormenting, threatening behaviour
- Verbal - name calling, sarcasm, spreading rumours, teasing, use of derogatory language
- Physical - pushing, kicking, hitting, punching or any use of violence
- Extortion - demanding money/goods with threats
- Online – use of social media, messaging and calls.

ANTI-BULLYING POLICY

- Misuse of associated technology e.g. photos and videos.
- Racist - racial taunts, graffiti, gestures
- Sexual - unwanted physical contact, sexually abusive comments
- Homophobic or biphobic - bullying because of sexuality or perceived sexuality
- Transphobic – because of gender identity or perceived gender identity

Staff understand the importance of responding to bullying

There is considerable evidence to show that bullying has both short term and longer-term impact on pupils. Bullying impacts on pupils' wellbeing, can impact on attendance and become a significant barrier to learning. Bullying is associated with lower levels of school engagement and achievement both in primary and secondary schools and can lead to mental health concerns such as anxiety and depression.

Supporting Vulnerable Groups

National research has shown that some groups of pupils are particularly vulnerable to bullying these include pupils with SEND, looked after children, pupils from minority ethnic groups or faiths, young carers, LGBT pupils and those perceived to be LGBT.

Prevention

The school believes that prevention is better than cure. St John Fisher School works to educate students on the effects of bullying and cyber bullying through its PSHRE programme, assemblies and pastoral care. We use our threading philosophy to share the antibullying message regularly and ensure staff and students are kept up to date with the policy and expectations. We believe that preventing bullying is the responsibility of our whole school community and when there are incidents of bullying, we will work together to deal with the situation and to learn from what has happened.

In our school we do this by:

- Involving the school community in developing our policy including a child friendly version of our policy.
- Having a line up script read out at the start of every term reminding students that bullying is not tolerated and how it can be reported to staff
- Actively taking part in Anti Bullying Week (November)
- Using assemblies and tutor time to ensure that pupils understand the differences between relational conflict and bullying.
- Building a positive ethos based on respecting and celebrating all types of difference in our school.
- Creating a safe and happy environment, with consequent positive relationships that have an impact on learning and achievement.
- Having a positive ethos that all pupils, staff, and parents understand.
- Work in school which develops empathy, social skills and emotional understanding e.g. PSHE, Citizenship, social and emotional learning programmes, circle time, peer mediation and playground buddies.
- Secure the safety of the target of bullying
- Take actions to stop the bullying from happening again

ANTI-BULLYING POLICY

- Whole school learning - reflection on what we have learnt.
- Think about any safeguarding concern and report concerns to Designated Safeguarding Lead.
- Provide assurances to child that concerns have been listened to and action will be taken.
- Send a clear message that the bullying must stop.
- Work with both parties to find solutions. Identify the most effective way of preventing reoccurrence and any consequences.
- Reflect and learn from bullying episodes –consider what needs to happen next to prevent future bullying e.g. PSHE, training etc.
- Raising awareness of online bullying through regular e-safety lessons.
- Adopting a social model approach to bullying. Diversity is valued and everyone is included in our school.
- Ensuring playground and midday staff are trained and we have a range of activities at lunchtime to promote positive play.
- Offering training to all school staff around bullying, including specific guidance on those groups who are most likely to be bullied.

Equality Act 2010 support of students with needs

As a school St John Fisher understands that suitable adjustments need to be made within the education and application of the Anti Bullying Policy for students with SEND, a disability or if a need is known and not diagnosed. Staff will take students needs into account in order to ascertain understanding has been achieved and this will be logged on a students APDR.

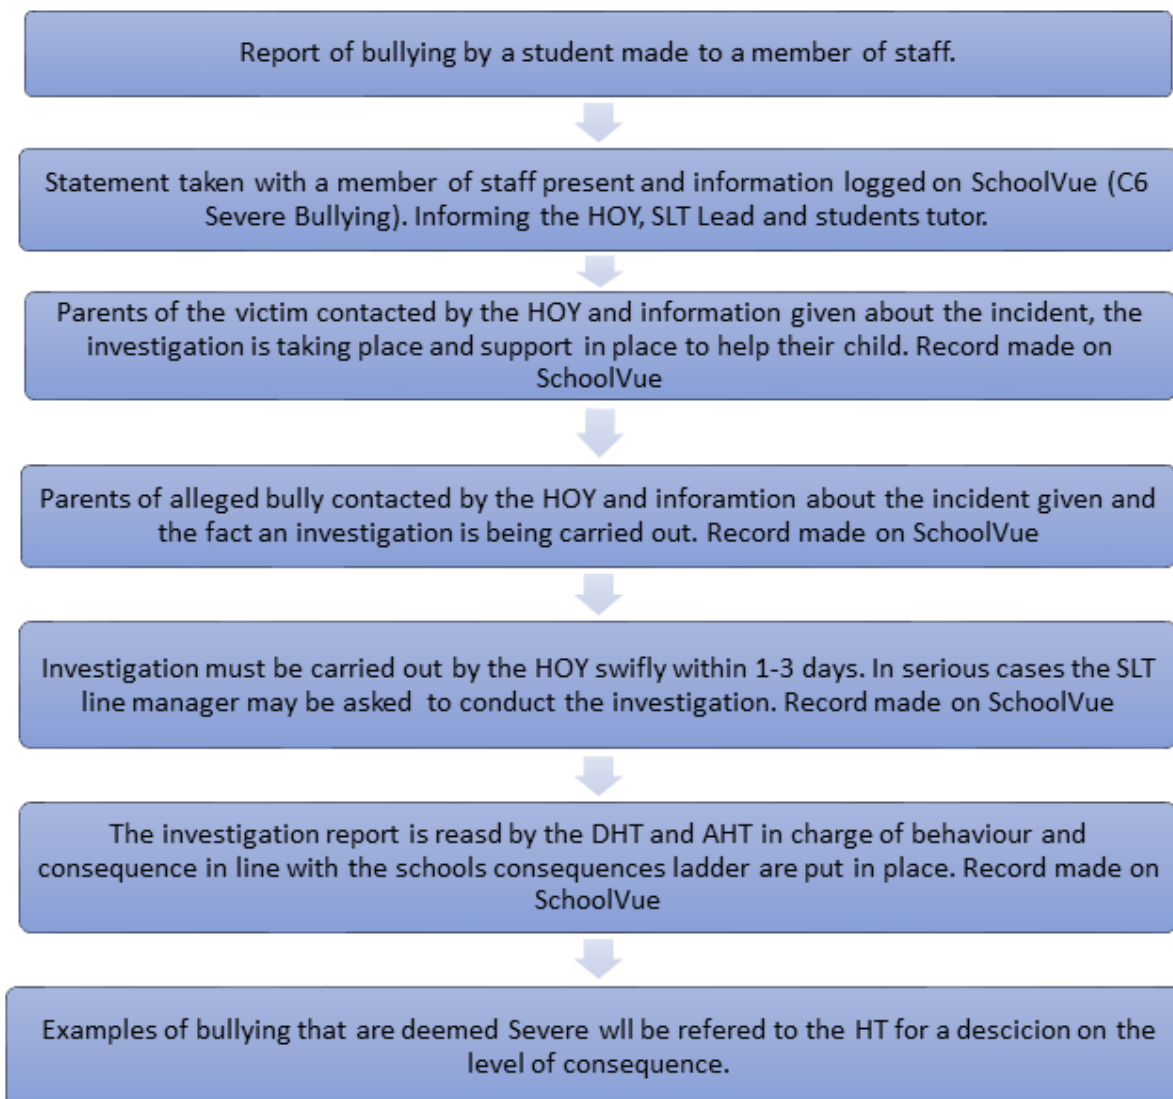

Reporting Incidences of Bullying

As a school we urge students, staff, and parents to report any incidences of bullying. Reporting bullying will allow the school to prevent further incidents and offer the appropriate support to both the victim and the bully.

Procedures

In the event of bullying staff should follow the stages to ensure bullying is dealt with swiftly:

ANTI-BULLYING POLICY

Staff will respond on a case by case basis. The evidence will be presented to the SLT Line Manager and the AHT (Behaviour). After reviewing the evidence, the SLT line manager will be able to confirm what course of action to follow linked to our schools consequences ladder.

For Example:

If a student has been deliberately unkind with name calling or physical actions. This is linked to C3 and a detention will be issued.

If a student is persistently unkind to members of the school community that will receive a IEU referral.

If a student's behaviour has caused significant hurt/upset then the case will be referred to the Headteacher who will decide what forms of action including external provision or fixed term suspensions that may be used.
